"From the Pastor's Desk"

This past week, you hopefully received your **Parish Quarterly Statement** in the mail as a record of the contributions that you have made to the Church through the **Third Quarter of this year.**

This was sent to give you a **status-check** on how well you're doing toward meeting the goal that you entered on your **Personal Pledge Card** at the beginning of the year.

The **Pledged Amount**, shown at the end of your statement, was the amount of your income that you prayerfully decided to give to the Church in 2011 ... hopefully it was **between 5% and 10%** of your annual income so as to satisfy God's plan for running His Church.

Your total contribution to the Church is the sum of your moneys given in the **Offertory, Capital Improvement and Building Fund** envelopes.

Separating your contributions into various envelopes helps us distinguish funds that are taxed by the Diocese and funds that are not taxed.

Next year we will go with just 2 envelope choices each week ... an **Offertory** envelope: where the monies will go toward operating the Parish and providing our many Parish Programs, and a **Building Fund** envelope: where the monies will go into a savings account until they are used for our next main capital expenditure.

Thanks to your good stewardship, we are paying our bills and as of August, we are **debt free!** This means that we can now go forward and really begin to accumulate money in savings to invest in the next item that we decide is most needed for our Parish family.

Please be thinking of what you would personally like to see at our Parish as we will be asking you to fill out a "Wish List" Ballot of priorities one day soon at the end of Mass.

Our church campus is already highly functional and most beautiful! It is the result of your generosity! Thank you for contributing to your Church. It just shows that when we follow God's plan for giving, He comes right back and blesses us in a profound way.

For those of you who may have missed one or more weekends due to travel over the Summer, please consider making up your missing contributions in the weeks ahead so as to meet your promised Pledge Amount by year-end.

Thanks again for your generous support!

May God bless your faithful commitment to His Church.

Love,
Father Deering

Please pray for our Parish Family in Nursing Homes or Homebound.

Right to Life

Medical research has shown that when an 8 week old human baby is pricked in the palm of his hand by a needle, he opens his mouth and pulls his hand away. There is also an increase in heart rate as a result. That

Hand, That Heart and That Reaction belongs not to a blob of tissue but to a Human Baby!
