

DIGITAL PIPE ORGAN

In the documents related to sacred music from the Second Vatican Council, it states that "... the organ is to be held in high esteem, for it is the traditional musical instrument which adds a wonderful splendor to the Church's ceremonies and powerfully lifts up man's mind to God and to higher things."

Pope Emeritus Benedict XVI said, "The organ helps people perceive something of the splendor of our faith — a splendor kindled by the Holy Spirit himself. With it, the organ carries out an evangelizing function, and proclaims the Gospel in its own way."

The choir is very excited about the opportunity to purchase this digital pipe organ, which has been used in other Catholic churches and was also used at the Monastery for the Funeral Mass of Mother Angelica. This wonderful instrument will help bring a greater element of reverence to our Liturgy.

"The breathtaking music of a organ accomplishes through music what beautiful architecture and art does for the eyes—it lifts our human spirit. As both a professional musician and future-priest of the Diocese of Birmingham, I want to lend my voice of support for this purchase." ~ Seminarian Justin Ward

"I performed this wonderful instrument at the funeral of Mother Angelica and I offer my support to help bring this organ to your parish. It is certainly in the best interest of our diocese to have strong parish music programs that supports the Sacred liturgy."

~ Bruce Ludwick, Jr, Director of Music and Organist, Cathedral of St. Paul

"I fully support the purchase of this wonderful organ. You couldn't do much better than an Allen Renaissance for that large room. Good job!"

~ Derek Kluz, diocesan pianist
