Conceptual design

Timeless Beauty

The renovation committee wanted to transform the interior with a more formal, design thereby sacralizing the space even more. In *Sacramentum caritatis*, Pope Benedict XVI wrote that “...[Beauty is] the concrete way in which the truth of God’s love in Christ encounters us, attracts us and delights us, enabling us to emerge from ourselves and drawing us towards our true vocation, which is love” (para. 35). In the liturgy and in the church building, we step out of our everyday world to encounter God in prayer and the sacraments.

The order and harmony of a beautiful space aid us in communing with God. The timeless beauty of this design is intended to look and feel different from our everyday environment and elevate our hearts and minds to the Blessed Trinity.
